## *Who else wants to be able analyse the development of Modern Russia?*

This expert study guide will meet the needs of all students whether they are studying the field with a history/politics curriculum, as part of a wider history programme, or as a distinct subject within military studies.

It will help students to write better essays, to speak with more authority in tutorials and seminars, and to prepare for examinations and assessments with more confidence.

This book includes details on how to:

- the rewriting of Russian history
- Russia under the Tsars
- Marxism, Leninism and the early Bolshevik Party
- The Crucible of Russia's Problems 1905-1917
- The February Revolution and the Provisional Government
- The October Revolution and the establishment of Bolshevik Power
- The Russian Civil War
- The economy and the consolidation of communism
- The Lenin dictatorship and the rise of Stalin
- Stalin's economic progress
- The Great Terror
- Conquest and subversion
- Stalinism and the Cold War

## Market

- **All students of politics/history in colleges and universities**
- College and university central and department libraries
- Teachers, tutors and lecturers
